Maths

English

Primary Y1-6

Secondary Y7-9

Light yet rigorous assessment resource comprising tests, mark schemes and diagnostics. Allows regular, ongoing assessment of progress.

1. Provides termly National Curriculum sub-levels for Maths, English and Science, enabling progress to be tracked throughout a year and year-on-year
2. Helps identify strengths and weaknesses in children's learning
3. Reliable and easy to use

Designed to support APP – activities and assessment guidance.

1. Flexible: provides a range of ready-made activities that produce evidence for APP – an area teachers struggle with
2. Straightforward to assess as the assessment guidance is tailored to fit easily with APP assessment criteria
3. Clear teacher notes make the activities easy to plan and use
4. Complements RS Assessment

Electronic version of the APP grids designed to save time and effort recording evidence for APP.

1. Time-saving tool for teachers
2. Easy to use
3. Networkable

Online assessment and reporting service for school and home use.

1. Raises attainment in mathematics by providing reliable mathematics assessments that pupils can access both at school and at home
2. Engages and motivates pupils of all abilities through tailored assessments
3. Helps teachers to identify strengths and weaknesses and to monitor progress
4. Time-saving: self-marking, automatically creates reports for individuals and classes and provides evidence for APP
5. Provides inclusive assessment and practice that supports lower ability learners and extends the more able
