

Nationally standardised on over **12,500** pupils

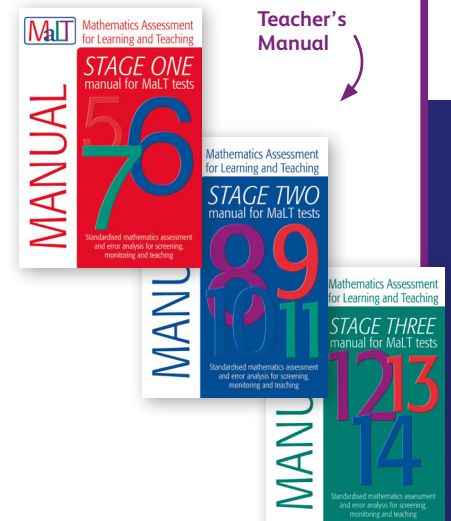

# Mathematics Assessment for Learning and Teaching

Age 5–14

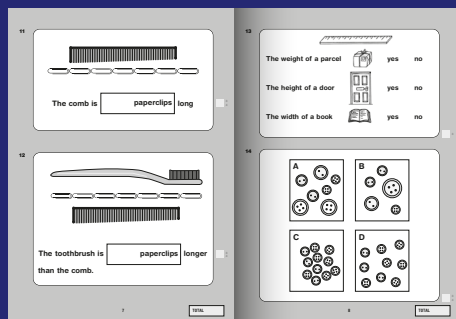

MaLT is a nationally standardised test designed for screening, monitoring and tracking progress, as well as for individual diagnostic profiling.

## Why use MaLT?

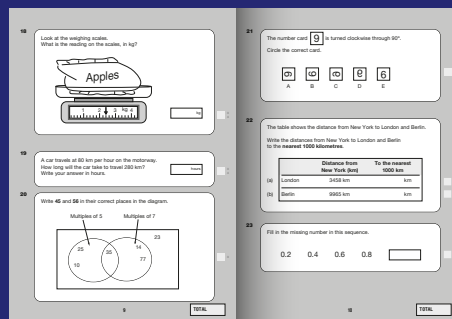

- Allows you to easily diagnose common errors and misconceptions across the class
- Considers all levels with Tests 5–7 presented orally so those with lower literacy can demonstrate their numeracy skills
- Provides formative feedback which can be used to inform future teaching
- The single scorer/profiler CD-ROM makes it easy to record and monitor progress across the years

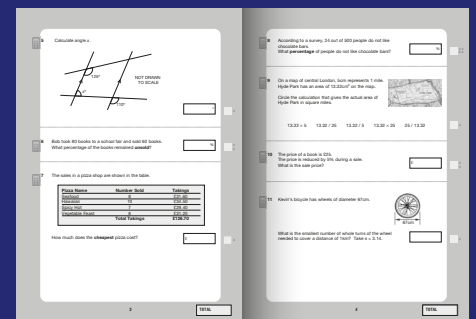

## Sample pages

MaLT 6

MaLT 10

MaLT 14

MaLT is available in both paper and interactive computer-adaptive formats (one CD-ROM for ages 6 to 14) that are straightforward to use for both teachers and pupils.
