

WE CAN BUILD HISTORICAL HOUSES

Plan your house.

How much hearth tax will you pay to King Charles II per year? (1 hearth = 5 shillings per month)

Tips

- Use what you know about London in 1666 to plan your house.
- Remember: your family will need somewhere to cook and a way to keep warm.
- Use appropriate materials for building.
- Use inventory items to show how people lived.

Checklist

- We have designed our house.
- We have worked out how much hearth tax to pay the King.
- We have built an historically accurate house.
- We have added extra information and items to show how people lived.
