Schools love Reading Planet!

“The whole approach is making our children more excited and interested in reading which is the best thing you could ask from a reading scheme.”

Pete Richardson, Deputy Headteacher –
Walton-le-Dale Primary School,
Preston

“Do the children like reading the books? Yes! Are they engaging with the characters? Yes!”

Maddy Barnes, Assistant Headteacher –
Sacred Heart Primary School,
Manchester

“Importantly, the scheme features modern day topics such as well-being and resilience and makes topics such as science and problem solving accessible to both boys and girls.”

Kathryn Mort, Year 3 teacher – Higher Openshaw School, Manchester

“As a reception class teacher, it’s really key for me to embed the right reading etiquette to set the children up for the rest of the school year. Reading Planet is a fantastic route to ensuring this happens.”

Polly Alford, EYFS Coordinator – Penn Wood Primary School, Slough

“The children have been thoroughly engaged with the online books and quizzes. A Year 2 pupil said: *I really like Reading Planet because the online books help me to learn new words and that makes me better at my reading.*”

Stephen Booth, Assistant Headteacher –
St Barnabas CE First & Middle School, Pershore
